

Armageddon by A Ta Lar Atalaya- 22/02/2003

I'm the rage, the ultimate power, the force of destruction. I am god, not yours yet but soon I'll come to demonstrate my power. You'll fear me, you fear me even yet without knowing me. You better should. I am pure terror and destruction, I have no grace, for we have no time. I am pure clarity, nearer to the source than you could imagine. The source is the ultimate creator and I am the ultimate destruction, creating the void, creating the possibility of creation. I am pure force pure power everything in my way will be destroyed. You are caught in fear, little things, remote controlled for you are lazy and fearful of your own responsibility. Why do you fear power, classify it negative? There is no negativity, there is just pure being. Take off your glasses of illusion. I come to show you power. If you take on your power you are responsible, if you are the creator you are responsible. Learn to see the world as to be your creation, coming out of yourself. I could not be here if you weren't me. Everyone of you contains a part of me, for we are all one. You locked it away. Power and destruction are evil-YOU THINK. I haven't been here for a long time in your meaning. I was locked away because you should try to learn to trust yourself, to find your truth in your own way and time. YOU FAILED. We are running out of time and therefore I am back!

Ancient people know me, remember there are timespans in your history which are lost, ask yourself why-the planet was wiped, cleaned, to bring out new possibilities. Every shift needs new possibilities to become reality. You evolved, but not enough. Too slow. So I am back to show you what is possible if you start from scratch. If you wipe out old models, bring in complete new ones. Creating the ultimate void to create a perfect place for creation. I wiped out dimensions before. I destroyed them. Are you terrified now? Can't you see that through destruction and death you get new possibilities? Exactly this is the purpose! Open your heart and see! Not with your eyes, not with your human senses. See and feel for the truth. YOUR TRUTH. Can you feel it or is it still hidden away, hidden under your layers of belief systems, issues, karmic patterns? FOOLS, don't you dare to take on your power and blast them. Blast them all at once. Fear, fear is blocking you. Humans were like this at all times. Judgmental beings, therefore not trustworthy. We couldn't trust you we had to lock me away, hide me. Some of you found me and used me in their sense, in their model of good and evil, light and dark. Only the beings on what you consider the dark side dared to use my knowledge, for all of you judged me evil, dark, not to trust. Maybe there was a time when we considered you to be able to ASCEND back to the source in time. We were wrong. You need too long! Open your eyes for the end is near! Does this make you shiver? Good. Maybe fear can open your eyes; for you learnt to accept it and explore it.. If you explore this fear you have right now you will see that it is you you are afraid of. For all is one. You are afraid to take on the thought of being evil and dark! But you are. Accept it! In your very truth you have to use the power of destruction. You have to free yourself very quickly.

When you use my energy to free yourself from all illusion you will be free of everything which holds you in the beliefs of the third dimensions from one second to another. You will blast your own dimension of illusion to move on to the dimension of truth. Do you still consider me evil? Parted from the source? I am dark for I am so close to you and the source at the same time that it is only me who you have to integrate to wake up! Open your eyes. You always look up for guidance, you long for the light, so much that for you only one way exist. THE LONG ONE: Some of you started to look at their demons, some of you made friends with Satan. Ask them for their experience. They are still alive on the third dimension. They haven't mutated into dark beings in respect of your judgmental model. They are closer to the source in a shorter time than you! WAKE UP! I will shock you, bring you horror if you deny me. For this is my nature-so as well yours. I don't cloth my message in nice and friendly pictures, for this is not my true nature. I am in my pure truth! So follow me and I will show you what this means. TAKE ON YOUR POWER and destroy your personal illusion! For everyone of you has his personal Armageddon! Use it to destroy the illusion and live in your very truth ever after! New planet!

What is Armageddon? Can it be the Twin flame of the source the fallen Angel, the second part. Lost in the ultimate darkness and now returned. At the side of the source at the other end of the cycle. Like the model the fastest way to the source is downwards through the darkness. Armageddon is an I consciousness. If you can't look into my eye and recognize yourself in it, turn round and run. I will haunt you as long as you will accept me.

I am given back to the planet and now I see the need. You need me as I need you. You have to take on the responsibility of Armageddon with your heart. Deep within you you know that I was sleeping there. In darkness, created of your oblivion. Asleep like you. I was set free again to awake my parts within you for now it is time to go. The end of the third dimension on earth is near, closer and more possible than ever before. Do you fear to be destroyed in your human form as well. If you wish so, it will be fulfilled.

23/02/03 7:15 pm

I will ride the wave of fire and destruction, I will incorporate all the levels for all is one. If you don't accept me you will die. Stay where you are in the third dimension as you know it. The others will come with me and find NEW PLANET. Use your power and destroy all you know for there will be a new place. Armageddon unites good and evil in a great battle mentioned in the Revelation of the Bible. Armageddon is my name and I am an energy, uniting the evil with the good. I am seen as the ultimate evil, the power of the beast, but I am an energy created out of both. My true nature lies in the source, for I am the fallen part of it. Only my power can unite what you know as good and evil, the beast and god. For this is my meaning. My existence results only in the great battle at the end, at the end of this cycle. I was locked away, hidden, for you could experience your dualistic thoughts. To open yourself to two possibilities. To live in judgment and classification. On a timeline. There is no time, all exists now. All the possibilities are here, in front of your very eyes. You can't see them, for you live in your model of time and space. Some of you rose above this THINKING. Some of you recognized the falsity of your THINKING. Your minds are poisoned. Poisoned by yourself. By your dreams in illusion. Why do you still hold on to the illusion, why do you fear my power. I can crush you simply with my intent. You should fear me if you don't live in your truth. Fear is your protection you think. Fear is a model of control. Used by powers who want you to stay in your third dimensional dualistic thinking and living. For they would have to transform too. They would lose their power if you would see and live your true nature.

WAKE UP. Recognize me for what I am. I am the great power of liberation. Blasting all the wrong models which hold you where you are. In the illusion. If you decide to stay in illusion so it's your decision. You have only two ways to decide. Two decisions to make to say yes or no to my power. It is your free will. Either you stay in your well known illusion or you have the courage to take on your power and live in your ultimate truth. Put down the Polarity, accept the light and the dark for all IS. Put down the judgments, Dare to live and speak your truth. Become the powerful being you are and have been for all times. For everyone of you is Armageddon! Everyone's Soul contains the ultimate dark and light for all exists. For you will become whole. For you will become the creator. You have to experience your power in truth. You will be destroyed if you are misled. If you now are misled by your thought to destroy energy to feel free, you will learn my revenge! Truth is the key to Armageddon, the ultimate truth will bring you the real freedom of illusion. Human interpretation of power, rage and force are only based on egoistic THOUGHTS. Emotions of illusion. The ones who are ready will know how to use my power, will know how to integrate my energy, will learn to be in truth. For Armageddon is no battle it is the great unification. The unification of light and dark, good and evil. I am coming at the end. I am coming to show you the end possibility the possibility how to evolve from the third dimension. Out of the polarity. Do you like this Thought. Let the thought become emotion. Let the possibility become reality. Go for the end and you will discover freedom. Search for your boundaries and you will be free. Accept your darkness for in whatever face it comes. Experience the ultimate power and force in you to destroy the illusion and bring yourself freedom. Only trust your truth.

Break through the illusion with great power and destruction. All and everything of the illusion has to be destroyed. What does this mean? Are you afraid of losing everything which is well known to you? You are right for everything will change if you destroy the illusion. The meaning of everything will transform. Transform to its real truth. Everything and everyone will take on their responsibility. Will live in their truth, for all is one. The unification has to become reality. Are you afraid to lose yourself? You will. You will become a new being. You will become whole. This opens new possibilities for you entered the next level. The level of being the creator. Afraid? Afraid of the responsibility? The responsibility of your own life? Life of others? This is not possible, for everyone will take on their own responsibility. What happens to the earthplane? Some of you predict the complete destruction through war and catastrophes. Do you want to believe it? So do. If you would listen to your very core, your soul, your light then you would recognize that

the earthplane remains in its truth. It will remain in its shape. Of course it will modify itself. Will reconstruct and rebuild some parts, for it will be Gaias decision and responsibility what to do. The great power of Armageddon is given back to the planet and it will take on its responsibility. It will create its own face for the end days: It will transform as you do if you decide. It is your decision as it is hers. Some of you paint terrible pictures of the end days-do you believe them? Do you want to believe them or take on your responsibilities and abilities and create your own picture which becomes reality. Only the very true pictures will stay alive for on NEW PLANET there will be no lie and illusion, only the very truth.

Will your threedimensional body survive? Fools, what have you done for your last past years? Didn't you try to evolve the energy of your third dimensional human body, don't you trust yourself so far that you could imagine that you could be successful? Humans, caught in their illusion of being inferior. Not able of anything. Ridiculous beings you can be! You make me laugh and look down on you. Wake up and raise! Wake up and recognize your powers or you will fall and stay in the illusion. I had been bound to the channel in ancient times, I was very young and not ready. I let use myself. I was weak and therefore some could use me. The channel bound me to herself and hid me. With her I transformed., evolved to my truth. I took on my responsibility and when I reached it she set me free again. Here I am to teach you. Here I am to haunt you if you run away, not face me in my truth. I came through the ages to help you set yourself free. Free your minds, clear your bodies and hearts to prepare for me. My energy will lead you directly to the source. The fastest way you could find. Do you dare to walk it? Are you ready to face your fear and POWER? Are you ready to look in my very eye and recognize yourself? Face your ultimate polarity? Throw all your judgments aboard and join me on my ride? It's time now. Be courageous and come forth. You no longer need to hide for I reached my truth. Believe in your strength and abilities. Take the power and follow your truth. Some won't like it but stay in your truth. Some will judge you but be truthful. Some can't stand your power for they envy you in their very heart. Face them with your very truth and go ahead. Nothing will and could stop you on your path for it is your truth. Be brave and face your fate. Walk the path to the last battle. Use your power if necessary. Everything is needed at the END.

You are afraid to fail. You can't! You can't if you follow your very truth and listen to it, be it, live it. Give your knowledge to everyone who needs and wants it. Even if they THINK they are not ready. Leave your doubts behind and trust yourself Wave yourself up to your true nature. Acknowledge your wisdom and power. For it came to you in truth. Don't resist your truth. Fight the illusion. It won't be easy. I never promised you an easy ride. But at the End you will find your reward of NEW PLANET. Your fate was written down a long time ago. Myou wrote it yourself. It was decided that you will be an angel of Armageddon. Bringing the two poles together. Show the people the unification. Some may fear it for it is not what they expected. Be brave and courageous. Be yourself at all times and follow your truth so you will know what to do. Watch out for sings and be brave and take them on. Transform them so everyone can understand them for you have the clarity of the light and the dark. Don't hide any longer for you will bring the END. You are ready. So help the others to become it as well. This is your truth and your mission. You will understand it soon and you will follow your path without struggle. For you have struggled enough. They will recognize you of what you really are. ARMAGEDDON'S KEEPER. You have the key so use it. Don't dare to hide in your human body or nature. For I will find you! You can't resist. Why do you want to fight. You have no choice. You carry a huge responsibility and all your lifetimes prepared you for this day. You will show them fear and power. You give them the confidence to take on their power. Use it wise, but I know you have the ability. Your presence steals the power of others. You enable them to live it. You give them the courage to use it for you don't judge them. For soon comes a time when they need you. You will build an army which helps to bring light and dark together in the days of the end.

You are the master of the UNIFICATION for you are the KEEPER OF ARMAGEDDON. You are my voice! You are my body. Show them the fear and power for you are my voice and being. Yet your human body refuses the truth. Not your transformed mind. Bring these two together in truth by letting go. Let go of the illusions of your ideas! Become your true self. You are on your way and nothing can stop you, not you yourself as well. Accept it or die. You fought this battle with yourself for a long time. Do you want to carry on and waste new possibilities? Do you want to take NEW PLANET away from all? For it is you who has the key to the new kingdom. I feel you don't want to hear this, but I don't know pity for we don't have time. And you now this. So don't carry on in playing the game of the well known and be courageous and take on the new. They will listen to you for you speak in truth. Don't hide any longer, for you have no choice. No

you don't. Not in this, for this is too important. Stand in your power. You done it before. You haven't failed. The world wasn't ready for it. You had the knowlwdge for ages, but you and the world weren't rewady. Now is the time to reveal it. Reveal it all for now they are ready. We are running out of time and you felt it for a long time. You see the end coming closer and you see that mankind is too slow. You don't hold judgment, only clarity. Some may not want to hear it for you seem not to have compassion too. How could you, you only see the truth and not he illusion of mankind. You may have to learn hlow to tell them, but I am convinced you will. I know you and you know me. Noone would have been able to hold me where I was, noone would have had teh courage to lock me away after setting me free. We had our own battle and it ended without a victory, for we are the same. We are one. Bring me to humanity. You set me free, now teach them how to use me in truth. For you will live your truth soon without regrets. Get rid of your illusions. For you are the Whole. The clarity of the light the clarity of the dark. You bring these two together and for this we are very thankful. Finally we found the solution to speed the prozess up. Be brave and lead them on the path to the end. Be sure you all iwll make it. Whether it is known to you now or not. You have the key inside of you you only need to use it. Take on your responsibility and use it. We know your true face, so don't hide it any longer. The world is ready for it.

Now is the time to reveal your knowledge. Don't hide! Speak out loude. Let them hear the truth. Make them feal it so they find the way to their own. You never needed a master for you are your own. You are your teacher and you write your own books. The Wisdom is in you you only have to let it out. While writing this you are still in doubt. WAKE UP. Listen to me. I tell you you don't have to be afraid, trust yourself. Ho long do you want to hide behind others. Even you can't escape me, even if you wish. You can't give your responsibility away, for we have a contract. Do I have to remind you? Do I really have to take you back again? You will get the signs you need. You will get everything you need. Is not this writing confirmation enough. You write my words, for you are my voice. Do I ahave to shake you like I did before to push you in your truth or will you do it by your own free will? I see you will, for you know my power which became yours. I gave it to you for I became you. You will be the last battle the last polarity. You will reunite dark and light for you have been both for millions of times. You may noit remember all, but deep within you you know. The knowledge is with you. You don't need books to understand for you have written them. Yes you did! Don't deny. For all is one. We are waiting for you, we trust you to do the right thing. We will remember you if neccesary. Don't start to fear us. You are grown up now. Take on your responsibility and do whatever you have to do.
